PIPE SIZING GUIDE

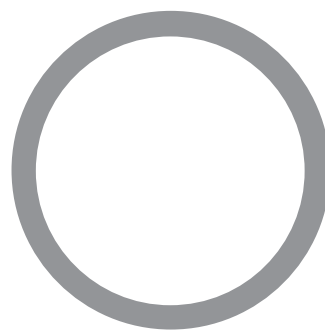

Hollaender structural fittings are designed to be used with IPS pipe sizes. The correct pipe sizes are shown in the chart below. Please reference the "How to Print" section below to ensure the chart prints to the correct scale.

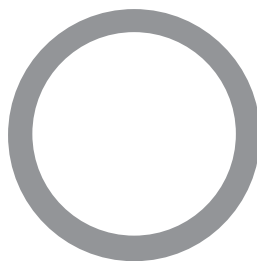

2" IPS
(2.375", 60mm O.D.)

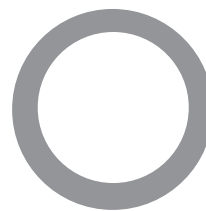

1-1/2" IPS
(1.900", 48mm O.D.)

1-1/4" IPS
(1.660", 42mm O.D.)

1" IPS
(1.315", 33mm O.D.)

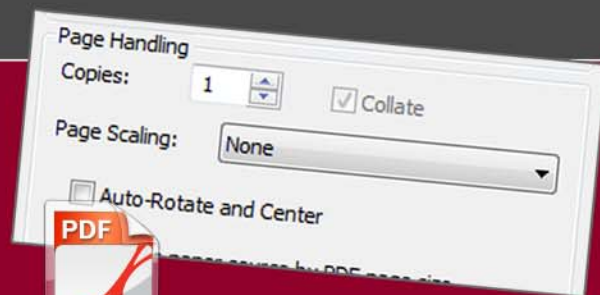

3/4" IPS
(1.05", 26mm O.D.)

HOW TO PRINT

When printing this guide, please make sure the **"Page Scaling" option is set to "None"**. This will ensure the guide prints to the correct scale.

Please always double check your pipe with actual measurements listed below the pipe outlines.
